Dear Don Gibbons, 8/26/96

We appreciare letttrs like yours of the 21st and thank you for it.

The list of our books is enclosed.

When you send your order please note on it os with it that you'd like the books signed. Glad to do that but between now and then would not remember it!

I'm glad you are reading Case Open with Case Closed at hand. I'm sorry that about 75 or 80 % of what I wrote was eliminated. No reason given.

In connection with your belief on the shooting, I went into that at some length in the first of the Whitewash series and more in Post Mortem.

Only some of that is repeated in NEVER AGAIN!

There is in Post Mortem what still has not appeared elsewhere on the shooting and the wounding.

Thanks also for your good wishes. I'm 83 now and twice this year was hospitalized for congestive heart failure.

But I'm still working, writing for the record for our history.

Thanks and best wishes,

Harold Weisberg
